Howard County intends to procure the services of a construction firm to perform construction of Phase "J" and Phase II of a regional park. The work includes, but is not limited to, construction involving: (1) Phase "J" realignment of Oakland Mills Road from North of Kilimanjaro Road to east of Shadow Fall Terrace in Columbia, MD. The realignment will include partial reconstruction of Old Montgomery Road from Oakland Mills Road to Sealed Message Road, ramps from MD 175 eastbound to Oakland Mills Road, two roundabouts, driveway extensions, and construction of concrete sidewalks and asphalt trails, drainage features, stormwater management facilities, signing and marking, utilities, and lighting. (2) Phase II park construction of artificial turf baseball fields, tennis courts, comfort station, picnic shelter, children's playground, asphalt/porous concrete parking lot. Phase I parking lot expansion, concrete sidewalks, driveway extensions, bus loop, asphalt trails, water/sewer extensions, pre-manufactured metal storage building, drainage features, site furnishings and landscaping. The new comfort station building consisting of toilet rooms, an electrical room, and storage spaces. The structural system consists of concrete masonry unit bearing walls with glu-laminated beam roof framing. The exterior envelop includes insulation and fiber cement siding on concrete masonry units with a stone base and a small section of storefront windows. The roof is constructed out of standing seam metal on insulation and wood decking. A new open-air picnic pavilion building consisting of a slab on grade with cast in place concrete columns and glu-laminated beam roof framing. The roof is constructed out of standing seam metal on insulation and wood decking. Stone seat walls and custom metal siding are also included in the work. This project is in SHA Cost Group "H".

Each bid shall be accompanied by a Bid Bond or Certified Check in the amount of 5% of the total bid, made payable to the “Director of Finance, Howard County”.
